CAR AND MILK CART COLLIDE

The driver of a car which collided with a milk cart early this morning (Thursday) has been admitted to Williams town Hospital.

Peter Diedrichsen, of Cobham Street, Altona, was the driver of a volkswagen car which collided with the milk cart at 4.48 a.m. at the corner of Davies Street and Civic Parade, Altona.

The driver of the milk cart, Alan Christensen, of Grieve Highway, Altona, escaped injury.

The milk cart horse was not hurt but took fright and bolted with the damaged cart in the direction of the dairy. It was caught before it could cause any damage.

GUIDE DOG PROJECT

Seeing eye dogs are a wonderful asset to blind people. This has been realised by the Altona North Technical School students.

They established a fund to provide for the training of a guide dog and also for the necessary re-education of the blind person. The total estimated cost is £300. So far in hand is the sum of £290.

With the raising of the £300 in sight it has been arranged for the students at morning assembly to see the Seeing Eye Dog, whose services will be made available by their efforts.

FIRE IN PIER STREET

—Historical Building Endangered
Parham's corner, at the end of Pier Street, Altona, was the scene of a fire on Monday night.

An alarm was given at 9.37 p.m. and units of the Altona and Newport Fire Brigades quickly got the fire under control.

Extensive damage by fire occurred. The building which includes two shops in Pier Street and one in the Esplanade were all untenanted. This is another reminder of the constant menace to property owners through unoccupied premises.

The property was covered by insurance.

HOTEL NOT YET

No further progress has been made towards the establishment of an hotel in Pier Street, Altona.

Objections have developed in certain quarters.

Representations against the hotel have been made to the Board of Works.

The promoters of the hotel hope to continue. The plan is not shelved completely.

MORE POLICE STATIONS WANTED

Altona North and Laverton are badly in need of police stations. This was implicit in a letter Cr. Lee received from Mr. G. R. Crick, M.L.A. Mr. Crick stated he had raised the matter in Parliament several times, stressing the desperate need.

Altona councillors had before them a copy of a letter from Altona Primary School to Mr. Crick asking him to do all in his power to gain an extra police station in Altona. The letter pointed out that lack of police patrols in

the night time brought about vandalism of school property, etc.

Councillors agreed that Mr. Crick had done all he could to assist and that a letter to him from the council might reinforce his efforts.

RISE FOR PENSIONERS SUPPORTED

Coburg Council sought support for its submission to the Federal Treasurer asking that the pension be increased to half the basic wage with free medical and dental services to all and no telephone rental charges to be made.

Altona Council agreed in principle and decided to reply to Coburg Council accordingly. They are, however, of the opinion that the full basic wage should be paid and will ask Coburg to consider this point.

SURF STREET NO MORE?

The owners of the four houses adjoining Surf Street have been financially relieved by a decision of the council.

Surf Street, running between Queen Street and the Esplanade in the Seaholme area, is un-made. Recently the council decided to serve notices with a view to constructing the street. This in effect meant the four owners concerned would have had to bear the full cost of the work. They rather reasonably objected.

The council has now ruled that it will discontinue Surf Street.

The council will notify the objectors accordingly and commence the complicated procedure to discontinue the road.

The land can either be sold by auction or agreement with the proceeds going into Government revenue, or it can be vested in the interests of the municipality.

Indications are that it would probably be used for municipal purposes.

SEWERAGE

The M.M.B.W. has advised the Altona Shire Council that construction for sewerage provision for Altona is under way.

Council disapproves of Cordial Factory

Three separate items on this week's Altona Council Agenda were not considered to conform with the Town Planning Scheme, therefore, they were not approved by the council.

Mr. P. C. Green, of Millers Road Altona, advised the council of his intention to increase the output from his existing ice-works by including the manufacture of cordials.

The ice-works is a non-conforming user in a residential zone, but the Planning Scheme does provide for the extension of non-conforming uses which are already being carried out. Mr. Green considers that the installation of cordial manufacturing and bottling equipment is an extension of ice-works and no different from the past use as a milk depot.

But councillors were of the opinion cordial manufacturing would not comply with the Planning Scheme.

An application was made to divide the land at the corner of Blyth Street and Upton Street into two blocks—the small block facing Upton Street to be used for an engineering test room with show room facilities.

The land in question is zoned residential. To use the block for the purpose stated would come in the category of service industrial and may be commercial. Cr. Bond said the council had stopped a petrol filling station being erected on this property and they will not allow shops in a residential area. He moved the application be refused. Councillors agreed.

The third item was from the MMBW seeking coun-

cil comment on an application to use vacant land at the corner of First Ave. and McIntosh Rd., Altona North, for shop purposes.

This is also in an area zoned residential, therefore, council will notify the MMBW they do not approve of the application.

PRICE REDUCTION

To link the two sections of McIntosh Road it will be necessary for the council to acquire from the State Electricity Commission a portion of the land now used as a briquette dump.

There is a considerable difference between the price previously indicated by the SEC and that shown in their last letter.

Some time ago the SEC proposed to transfer the land on a valuation basis—stated to be £16,140. In addition there would be charges for re-arrangement of plant and services amounting to £11,850. In the last letter the latter figure is unchanged.

The SEC however, now state that they will be prepared to consider an application for the land (10½ acres) at cost, shown as £2100. If the facts are as stated there is a remarkable reduction in the required price. The matter will be considered by the council at the next meeting.

AWMC Anniversary

Everybody present had to agree the fourth anniversary celebration of the Altona Working Men's Club was a success last Friday night.

Held in the congenial atmosphere of the Central Hotel the night took the form of a concert, followed by dancing.

It is a long time since we have enjoyed the entertainment of such good artists.

Comperer-singer, Telford Jackson, did not seem to tire of singing and the audience wanted to hear more and more of his voice.

Who did not wonder with what next the magician, Mr. J. Hutchinson, would confuse the audience. His cleverness had his helpers from the audience very puzzled.

Other professionals were the pianist, Mr. K. Hamilton, and the accordionists, Messrs. J. Savage and G. Rankin.

To round off the night's entertainment Cr. S. McIntosh amused the audience with his stories and ended up with a song—a pleasing finish to a much enjoyed night.

MEN'S SOCIETY

Historical Society Meeting

Members of the Historical Society will meet next Saturday at 2 p.m. at the Society's new premises in the old Municipal Building, 128 Queen Street, to commence to get into some order the records it has in hand.

Some little cleaning up is also necessary to make the room presentable and in time it is hoped to have it open to the public (as a matter of interest) on Saturday mornings.

But to achieve this great aim we plead for old records and photos and souvenirs which are lying forgotten somewhere or are felt to be too treasured to part with.

If sentiment is the case we understand, but if so, why not let the society hold them in safe keeping? Lend them to us. They will not go astray.

When you want them back we will return them. If you have old photos in this category let us see them. If they are valuable we can get reproduction.

If YOU, friend, can help build up our library and the museum, we invite you to meet us on Saturday afternoon next.

We will be grateful for your assistance. If you cannot get along please phone 65-8653 or contact V. L. Hearn, 6 McBain Street, Altona.

A.N.A First Innings Dashing 90 by T. Sewell of L'ton

Newport ANA won the toss and batted and their innings was one of fluctuating fortunes, as at one stage they were 5/39, but a big partnership restored their position.

Newport then slumped to 9/126 before Ted Dunn came in and made 34 not out in 18 minutes, to take the score to 165.

Top scorers for Newport were John Moore (57) and Ted Dunn (34). Terry Gray took the bowling honours with 5/45.

A good point in the innings was Altona's fielding in which seven catches were accepted and two run outs effected. Altona then batted and looked a chance after a good start, but wickets fell rapidly and at stumps were 6/51, with Ian Eldridge making 15 and Norm Trickey 14 not out.

Ted Dunn and George Irving shared the bowling with two wickets apiece at a cost of 10 and 14 runs respectively.

B TURF

Altona ANA have gained four points as a result of their first innings lead of 10 runs after the day's play which was greatly in the bowler's favour.

West Newport won the toss and batted and were quickly dismissed for 50, due to the excellent bowling on the part of Bill Houghton sen., and to a lesser extent Kevin Rohleder and Tom Myers. The only batsman to offer any resistance was John Bray, who made 13.

Bill Houghton bowled with excellent control to take 6/11 off 10 overs.

Altona passed West Newport's score with three wickets in hand after Alan Hunt and Tom Myers had made 23 and 16 respectively. Best bowler for West Newport was Peter Harsley, who took 5/19 off five overs.

JUNIORS

Altona opened the season with a dismal performance against last year's premiers West Newport.

West Newport won the toss and batted to make 99 runs. Ernie Zalewski top scored with 25 runs and Michael Calaz was top bowler with 5/23. Altona against reasonable bowling collapsed to make 7/13 at stumps.

Only batsman to show any resistance was Leon Hartney, who is seven not out. Gerry Carmichael was best bowler with 3/6.

Altona C.C. in Good Position

Altona first XI, enjoying the excellent conditions last Saturday, are in a good position to force an outright win the game being played at the Grant Reserve against Newport Footballers.

Coach Eric Perussich and Frank Kirk bowled very well and held Footballers down to a losing score of 69. Altona is obviously showing the benefit of having a coach this year when it is remembered that in the match last year against the same opponents, Footballers scored 129 runs.

Altona, setting out to catch the opposition score, lost three early wickets, but Peter Jones, playing unorthodox, but safe strokes, and Alan Perussich the type of free striking correct batsman most boys wish to emulate, built up the score to place Altona in a winning position of 5 for 88 at stumps.

B TURF

Altona 2nd XI playing against Newport Baseballers at Loft Reserve, West Newport, are 15 runs behind on the first innings.

With John Hayes leading the way in taking 5/19, Baseballers were dismissed for 66 a score Altona felt they would easily catch. However, this was not the case and wickets were soon tumbling. Some strong opposition from the two younger members of the team, Graeme

Receiving a great start from opening bat, Trevor Sewell, home side Laverton built up a mammoth score against last year's bottom side Werribee (2) in the opening game of the Werribee Cricket Association on Saturday last.

Averaging seven runs to the over, Laverton had full grasp of the game within an hour of commencement of play and finished with a handsome 174 after 25 overs had been bowled.

When Werribee took the bat, they were not allowed to settle down by the steady Laverton bowling and found it hard to force the pace. Jimmy Edwards, however, proved a problem for Laverton and had compiled a handy 32 before he was finally dismissed.

Bowling honours for the day was shared by Ray Miller (Werribee) 4 for 30 and Des Mason (Laverton) 4 for 25.

WERRIBEE SOUTH WINS

In another game, last year's premiers, Werribee (1), were easily defeated by Werribee South, who appear to have started this season off from where they left off last season.

Barry Robinson proved a capable member of South's batting line-up with a bright 43 not out, whilst opener Howard Morrow supplied a steady 29.

For Werribee Les Hayley compiled 31, and, although creeping along in years, is still capable of doing his share of the work when he is most needed.

Bowling figures were not particularly startling in this match, but, the performance of young Peter Hart (South) in taking 3 for 37, should give his team mates a lot of heart.

WIN FOR RESEARCH

IOR, although lacking in numbers, put up a great fight against State Research Farm to be only defeated by nine runs and only having seven bats to utilize.

Bruce Comben proved to be the backbone of their line up and had he had a full list to follow him could have easily provided his side with a score worthy of victory.

Paul Doolan top scored for Research Farm with 29 and also handled the leather fairly well, taking 3 for 34.

DINNER DANCE

The recently formed Hotel Central Ladies 10 Pin Bowling League is holding a dinner dance on Cup Eve, November 4, at the Central Hotel.

The ladies are anxious to make this their first social function a success and invite anyone interested in having a gay Cup Eve to phone Mrs. Noone, 398-1187, or Mrs. Cox, 65-1988, who will be only too happy to give them ticket details.

Russell and John Duncan, helped Altona to come within striking distance of their opponents score when this game resumes on Saturday.

FIRE AT LAVERTON
A fire at Weinberg's meat works at Laverton North raged for about 15 minutes but caused over £40,000 worth of damage. Cork insulation being sealed with bitumen in the deep freeze unit had caught fire. The intense heat cracked concrete walls, warped steel and destroyed hundreds of carcasses. Five fire brigade units were in attendance at the fire.

1st LAVERTON AIR SCOUTS

WORLD JAMBOREE OF THE AIR
Captain Ferrar, of the US Air Force, devoted much of his time last weekend to rigging up wireless communications for the 1st Laverton Air Scout Group. During the Jamboree of the Air, members of the Group were fortunate enough to contact such places as Formosa, Thailand, Marcus Island, USA, Philippines, Okinawa, New Zealand and many towns in Australia. Approximately 14 members of the Group took part in the transmission, speaking to Scouts in other countries.

Werribee High Sports

It is doubtful whether the high school has had such a successful year in athletics before. At the Combined Sports at Bacchus Marsh last Wednesday the team was successful in winning all three shields for the athletics competition.

The High School has done this before, the last time being in 1960, but never before has it won the grand aggregate shield by as much as 66 points. The all-round strength of the team can be illustrated by the fact that there was only one event in the 46 events on the program in which Werribee did not obtain a place. It is very difficult to individualise when all competitors did so well, but perhaps Tom Batty, John Thompson, Laura Romagnesi, Diarne Libbis, Glynn Stephenson, Alex Christy and Arnold Macknamara deserve a special mention.

Better Roads Wanted

"This is one of the worst sides of Werribee," said Cr. N. J. Smith when commenting on requests by ratepayers in the vicinity of Ballan Road. Ratepayers of Ballan Road, Werribee Street and Parker Street—between Greaves Street and Ballan Road—have drawn the attention of Werribee Council to the condition of these streets.

Ballan Road residents have requested a service road in front of their houses. Ratepayers of Werribee St. have requested extensive repairs or reconstruction. Forming and sealing of Parker Street has been requested. Cr. Smith said the roads in this area have been cut up by sewerage works and a certain amount of cleaning up had to be done. He moved that Central Riding Councilors inspect the area as soon as the sewerage contractor is finished. The shire engineer, Mr. McCormack, suggested the bogs on the Ballan Road were caused by water being drained to this road. Cr. Powell seconded the motion and suggested that underground drainage be investigated and considered for Ballan Road prior to construction of a service road. Councilors agreed to consider the drainage problem and inspect the roads as soon as possible.

New interests, new hobbies and new friends can be made by young wives and mothers who join the club which the YWCA proposes to open in the Altona district. Baby sitters will take care of the children while the mothers attend the opening meeting in the Youth Recreation Centre, Marion Street, Altona North, on Thursday, October 31, at 1.30 p.m. The formation of the club will be discussed at this inaugural meeting, and the YMCA secretary for Young Wives Clubs, Miss Dorothy Arland, is anxious that as many young adults as possible should come to this preliminary meeting so that definite plans can be made. QUEEN SCOUT INVESTITURE

On Saturday, October 19, in the ballroom at Government House, 326 Queen's Scouts were presented to His Excellency the Governor of Victoria for investiture of the Queen's Scout Certificate. One of these lads, Keith Robertson, of 132 Bladin St., Laverton, is a member of the 1st Laverton Group, and was the only Air Scout presented this year. Everybody in attendance was impressed by the Governor's speech in which he stated that the people now look at the Queen Scouts as leaders. He said they are leaders, but warned them that to be a leader, one must lead by example, be able to accept responsibility, and be humble within oneself.

NEW PHONE BOX

A new telephone booth is to be installed in Laverton. It will be located outside the railway station in Railway Avenue, opposite Grace Street.

GEELONG SHOW WIN

Braybrook Horse and Pony Club won the B Grade Jumping at the Geelong Show. Several club members were also successful in riding classes.

SUB-DIVISIONS NOT APPROVED

The Town Planning Scheme being considered by Werribee Shire Council includes provision for each sub-division approved to include five per cent. for reserves. Two recent sub-divisions include less than this reserve area. One is at the corner of Greaves and Hodge Streets. The other at the corner of Wedge and Russell Streets. Both sub-dividers will be requested to make a further allowance for recreational purposes.

OIL INDUSTRY UNREST

At a full meeting of Oil Industry Metal Trades maintenance men it was decided to return to work on Monday, at 7 a.m., to allow the meeting of union and oil company officials to meet the same day. There is no 'ban' or 'threat' anywhere in the industry. The petroleum refinery and petrochemical plants have sections running in spite of a 24 hour notice that all labour would be withdrawn. The reason for not returning to work on Sunday was that the men had organised an oil employees picnic.

**SPORTING
PERSONALITIES
PAST AND PRESENT**

No. 12—ALBIE MASON.

To most followers of sport in the Werribee district, the name Albie Mason is no doubt a big word, as it has in some way or another been a driving force in local sport for the past 19 years.

Back in 1920 Albie had his early association with sport as a cyclist and footballer in Belmont, which is in the Geelong area.

Mason first became connected with the executive side of sport in 1933, when he was appointed secretary of the Cranbourne Football Club and for services rendered with that club he was appointed a life member.

The Mason family moved to Werribee in 1939 and it was in 1944 that Albie joined the committee of the Werribee Football Club to be followed up by becoming secretary in 1945 of the Werribee Football League, a position he holds to this day.

During 1954, Mason gained recognition for his efforts as league secretary for he was appointed a life member of the organisation.

Proof of Mason's ability as a sporting executive is shown by the fact of his appointment as secretary in 1948 of the Werribee Cricket Association.

His position as secretary of this body was halted in 1951 through illness and in 1952 he terminated the position, but was appointed a vice-president and retained by the association on account of his experience in club matters.

Re-appointed as secretary of the cricket association was on again for Mason in 1954 and he held the position until October of this year, when he completely retired from the position due to ill health.

Mason could be termed the all rounder of secretaries, as after becoming assistant secretary in 1946 of the Werribee Sporting Bodies Organisation which was joined in that year, he, in 1952, was appointed secretary-treasurer and he still holds the position as secretary.

A professional athletic carnival was arranged in Werribee in 1951 with Mason at the helm as secretary, but this sporting event faded out in 1951 due to lack of support.

Other members of the Mason family have also played a part in Werribee sporting circles, particularly the sons Des and Maurie.

Des started his football with

**VICTORIAN DARTS
ASSOCIATION**

A meeting of the Victorian Darts Association will be held at the Central Club Hotel, Swan Street, Richmond, on Monday, October 28, at 8 p.m.

At this meeting plans will be formulated for the conducting of Victorian eliminations, to send a team of six players to Sydney, during the Easter weekend, to compete in the Australasian Teams and Singles Championships, which are being conducted by the Australasian Darts Council.

Marion Hall has been booked for Sunday, November 3, from 2 p.m. to 5 p.m. for the purpose of assembling all players who will be selected to represent the League against Mountain Dart League, also to select the captain. Practice games will be played by the team.

the Werribee Football Club in 1944 when he was 14 years of age and in 1950 he transferred to the Laverton Club from where he retired as a footballer three years ago, after playing a grand total of 254 games. Des played in the roving position for both clubs.

Laverton Cricket Club also has the name Mason in its record book, as Des won the club batting average in 1961-62 with a 45.6 average.

Football umpiring is a sporting profession for Maurie, he is on the VFL Reserve Grade umpires list. Maurie has also been a boundary umpire with the experience of having officiated at a League 2nd semi-final in 1961 and a 3rds grand final in 1962, both games on the MCG.

Also gaining a mention in the Mason family sporting circle is another son, Stan, who played for the Werribee Football Club and also the Metro, Farm 18.

Albie Mason has had a fine career as a sporting executive and he hopes to complete 20 years in that sphere.

Untiring in his efforts, Mason has always made it his aim to gain the best conditions for the betterment of sporting facilities and children's playgrounds in the Werribee district.

NEXT WEEK: Norm Trickey League Umpire and Altona A.N.A. cricketer.

HOCKEY CLUB PRESENTATION NIGHT

The hockey club presentation night was one of the liveliest gatherings he had attended said the shire president, Cr. G. den Dulk. He was proud to see so many people present at the annual presentation held in the Altona Youth Hall last Saturday night.

He said they appeared to have a good time, make good friends and, therefore, make good citizens. He wished the club a more successful season next year.

Besides Cr. and Mrs. den Dulk, guests included the patron of the club, Mr. John K. Grant and Mrs. Grant.

Mr. Grant was a member of the first Altona hockey team, which played in 1930. The club was then called the Altona Baptist Hockey Club. Two other members, Roy and Cyril Turner, played with the original team and are still playing today. They play in the B Grade team and Cyril carried off yet another trophy this year.

Before presenting the trophies Mr. Grant congratulated the club on the number of teams they fielded—three senior, two junior and two ladies teams. He said the club had again reached the peak of former years and the up and coming junior teams should assure the club of success for years to come.

This year the B Grade side was the only team to win a premiership. Each player in the team was presented with a pennant.

Trophy winners were—
LADIES TEAM—E GRADE. Best and Fairest: Margaret Lukoszek; Most Consistent: Ruth Hayes; Most Improved: Judy Hayes.

LADIES TEAM—C GRADE. Best and Fairest: Beryl Golacki; Most Consistent: Virginia West; Most Improved: Brenda Armitage.

Mr. Eric Scherman, coach of the ladies' teams, presented a gift of appreciation to Mrs. Vi Smith for her work in connection with the ladies' teams.

BOYS UNDER 13 TEAM. Best and Fairest: Richard Lukoszek; Most Consistent: Brian Smith; Best First Year Player: John Golding; Most consistent player in the match at Hamilton: Ivan Neal.

BOYS UNDER 15 TEAM. Equal Best and Fairest: Graham Page and Harold Benedierks; Most Consistent: Ross Ford.

SENIORS, C GRADE. Best and Fairest: Eddie Kip; Most Consistent: Peter Hunter. C Grade team presented a gift to their coach, Bill Smith.

SENIORS, B GRADE. Best and Fairest: Cyril Turner; Most Consistent: Tony Docker.

SENIOR, A GRADE. Best and Fairest: Norm Hunter; Most Consistent: Roger Caruthers.

The A Grade team managed to get themselves relegated for next year, but they insist they went down fighting.

They were presented with a wooden spoon.

A special presentation was made to Mrs. Docker for her work in providing the supper for the night.

In conclusion, Mr. Ron Ford lined up the junior boys and thanked them for their performances during the season and said it is from them they will build future teams. He also thanked Mr. Boyd for his work in preparing the grounds.

The club members wish to express their appreciation and thanks to donors of trophies—Mrs. E. Turner, Mr. John K. Grant, Mr. Bob Stewart, Mr. and Mrs. Docker, Mr. Roy Turner and the Ladies Auxillary.

CENTRAL ALTONA FOOTBALL CLUB

Vic Geisler, manager of the Central Hotel, promised the Central Altona Football Club that he would "put on a night" for the club if it won the junior premiership.

They won the premiership handsomely, and the night is on. All club members, juniors and seniors, their girl friends and wives, are invited to the Central Hotel at 7 p.m. on Friday, October 25.

ALTONA TENNIS CLUB NEWS

Ladies Day, which is being held every Tuesday, is proving most successful both socially and financially.

For many years the ladies have always had to travel out of the town for their midweek tennis.

We once again invite any lady who is free on Tuesdays, to join with us.

Welcome back to Mrs. Manning, a past member, who won the trophy at last Tuesday's contest.

Have you returned your Melbourne Cup Sheet and money to Mrs. M. Walker, the social secretary?

A track suit valued at £5 was presented to John McConnell, a fifth form student and prefect at Altona High School, on Monday, October 14.

The track suit was awarded for his essay on a visit to the Altona Refinery in education week.

Altona North Tech. News

The next few weeks could be very critical for
the future of students. Much will depend on how
carefully they prepare for final tests and examina-
tions.

Much will depend also on how well parents
encourage their boys by providing the right environ-
ment and conditions for study. Those boys who
have worked consistently during the year deserve
to succeed if they maintain their efforts.

SITE IMPROVEMENTS

The school council is hop-
ing that this work will be
commenced in time to enable
some coverage of grass be-
fore the summer is too far
advanced. Final costs are not
yet available but the school
is relying on parents for con-
tinued support of the parents'
contributory fund to enable
the work to be completed.

PARENTS' CONTRIBU- TARY FUND

Total received for this year
is now £432 (including inter-
est).

The school sincerely thanks
each parents on behalf of the
boys and on behalf of the
other parents who have con-
tributed.

MOTHERS' CLUB

A very successful "Tupper-
ware Afternoon" was held last
month, but the attendance
was rather disappointing.

Special thanks are due to
Mrs. Landers for her efforts.
From the proceeds of the
Education Day Stall, the club
has been able to donate to
the school two more reading
rate controllers, bringing the
total number from the club
to five, and the total now in
use to 12 controllers. With
these, and the tachistoscope

previously supplied by the
club.

The boys are receiving ex-
tremely valuable instruction
in the latest techniques of
rapid reading and compre-
hension. Some outstanding
results are being achieved,
thanks to the efforts of
Crisp and Mr. Nevein.

CANTEEN

The school continues to be
very greatly indebted to the
very capable and generous
team of voluntary workers
who enable the canteen to
operate so efficiently. Mrs.
Rice is always pleased to hear
from any mothers able to
help in the canteen—speci-
ally at this time of the year.

EVENING CLASSES

With the recent installation
of a long-awaited bandsaw,
the evening woodwork hobby
class is now able to function
even better than previously.
This course of instruction is
very popular and is held on
Tuesday evenings from 6 p.m.
to 8 p.m.

AWARDS NIGHT

A cordial invitation is ex-
tended to all parents to at-
tend the annual awards night
at 8 p.m. on Thursday, Dec-
ember 12, in the Williams-
town Town Hall.

BASKETBALL TEAM IN GRAND FINAL

Altona North Technical School has had a suc-
cessful basketball year. In the preliminary final
they were successful against Church, who up to
then, had been undefeated. As a result the Altona
boys will for the first time compete in the grand
final.

This grand final is for the Victorian under 14
championship.

Their opponents will be East
Melbourne. The match will be
played at the Albert Park
Basketball Stadium on Satur-
day, October 26, at 8.30 p.m.
In the previous match be-
tween these teams Altona
were the winners by one
point.

a good match can be fore-
seen, but win or lose, Altona

North Technical School can
be proud of its basketball
team.

Players in the team which
won the preliminary final
were—

R. Smithwick, P. Ebeyer, J.
Hay, W. Anderson, K. Rivett.
Reserves were N. Clark, G.
Ellis, B. Hoyland and K.
Travers.

THE D.L.P. SAYS...

(The following article has been contributed to the
"Altona Star" by the Lalor Federal Electorate Council
of the Democratic Labor Party.—C. P. Meehan, Sec.)

Infiltration of the labour movement is one of
the major Communist objectives today. In every
country, whether industrialised or not, the Commu-
nists try to set up party cells within the labour unions.

These cells form the nucleus for Communist
Party agitation among the workers. Party members
stir up grievances against the Government, employers
and even the non-Communist union leaders.

Party activity is designed
to manipulate the unions, not
in the interests of the workers
themselves, but in the in-
terests of the Communist
Party, and finally of the
Soviet Union and Communist
China.

The Communists therefore
make use of the labour
movement, whenever they
can, as an instrument for
their own political end—the
seizure of State power.

The Australian President
of the Communist Party (L.
Sharkey) in his pamphlet,
"The Trade Unions," gives
the lead.

He quotes (Page 13) an
extract from a statement by
Stalin in 1936: "The main
task of the Communist
Parties of the West at the
present time is to develop
the campaign for unity in the
trade union movement and
bring it to its consumma-
tion; to see to it that all Com-
munists, without exception,
join trade unions, there to
work systematically and
patiently to strengthen the
solidarity of the working
class in its fight against capi-
tal, and thus attain the con-
dition that will enable the
Communist Party to rely up-

on the trade unions."

Sharkey adds the com-
ment—

"These words were spoken
by Stalin many years ago,
but they might have been
spoken yesterday, for they
still hold force for us."

On Page 41 Sharkey
writes—

"The trade unions are
vital centres for the building
of the united front of the
working class. . . . In the
trade unions the foundation
of unity is laid which will in
the end compel the ALP to
agree to the united front of
the political parties—Com-
munist Party-ALP united ac-
tion."

The Communist approach is
to use the advancement of a
particular policy as the rea-
son for the establishment of
a strong "area committee."
In turn, the area committee
is the Communist Party's
medium of control over the
particular job, area or un-
dertaking.

It is important that this
technique be seen in its
proper light, as presenting
a medium to build the united
front, and increase the or-
ganisational facilities of the
Party.

LABOR VIEWS

(The following article has been contributed to the "Altona Star" by the Central Executive of the Australian Labor Party.)

After eight years of office the State Premier has at long last promised to do something about decentralisation. His recent pronouncements on this vital issue ring rather hollow when his previous attitude is taken into account.

Now he says that encouragement will be given to industries to go into the countryside. Excellent! Up to a point! Just how far that encouragement will go remains to be seen. But why has he waited until the year before an election to take this step?

For the past two years, secondary industries in Victoria have been forced to close down, either because of the credit squeeze or because they have been swallowed up by city based monopoly. Flour mills, cement works, textile industries, to name but a few, have suffered disastrously from the years of Liberal neglect.

Many industries are working at less than their full capacity. Skilled workers are leaving country areas looking for security of employment in the city.

School leavers look to the city to provide their future careers.

Liberal Party and Country Party members have prattled on for years about the need to decentralise. The former has been in Government for most of the time while the latter has been in a position to exert its influence both within and without the councils of the Government.

Neither have done much except allow the situation to deteriorate.

Only last week the Country Party member for the Mallee, Mr. W. Turnbull, was talking of the need for reduced freight rates. True he admitted that this was a State matter but he is a supporter of a coalition Government at Canberra which for 13 years has turned a blind eye to the real situation throughout Australia.

To achieve real development of the nation and to implement a crash program of decentralisation necessitates the co-operation of both the

Federal and State Governments.

But for the past eight years Bolte and Menzies have been passing the buck from one to the other.

Mr. Bolte claims he cannot do much without assistance from the Commonwealth. Sir Robert Menzies claims that it is not a Federal matter, but a State one.

While the ball is being tossed backwards and forwards between Canberra and Melbourne, the drift from the land accelerates.

Perhaps the Premier's hand has been forced by the unification of all organisations in Victoria interested in decentralisation. As reported in "The Courier" of September 18, the aim of this one organisation is to state "a clear and unmistakable demand for action" to all political representatives.

Apart from Bendigo, all of the country seats are held and have been held for the past eight years by members of either the Liberal or the Country Parties in both the State and Federal Parliaments.

Apparently decentralisation and development organisations have no success in impressing their political representatives who control the State and Federal Parliaments of the need for positive action.

This is a condemnation of both the LCP and Country Party and a vindication of the stand adopted by the Australian Labor Party which has always placed development real and genuine, in the forefront of its policy.
